

Diploma in Business Management

Level 6

This Level 6 Diploma provides the practical knowledge, skills, capabilities and competencies that are assessed, in academic terms, as being equivalent to a Bachelor's Degree with Honours, Bachelor's Degree and Graduate Diploma. The course is aimed at business support staff who are responsible for overseeing and managing a business function, and contributing through strategic insights, planning and operations management. The programme is designed for experienced business support staff who wish to gain the academically equivalency of a full degree, to obtain a promotion into junior-management, middle-management, or director-level posts.

The Diploma is approved and regulated by Ofqual.

Learners are required to undertake 6 Units over the duration of their programme. The Units of study (combined total of 120 credits) are:

- Leadership and People Management
- Business Research Project (dissertation)
- Operations Management
- Financial Decision-Making
- Sustainable Business Practices
- Strategic Human Resources Management

Course duration:

Approximately two days every two months, plus online/blended workshops and self-study, as required, over a 12 month period.

Course costs:

Manchester: £4,400 + VAT
Fees can be split if required.

Discounts available for public sector/third sector organisations and multiple bookings.

Course dates:

Attendance dates are available on request:
adam@adamfidler.academy

Entry requirements:

Due to the complexity and advanced nature of this programme, we would strongly recommend learners have a Level 5 qualification in business or administration (or equivalent).

Accredited Prior Learning (APL):

Learners who have completed the Level 4 Certificate and Level 5 Diploma with Adam Fidler Academy can off-set some of their learning.

Where topics have been covered before, learners will be able to fast-track and reduce their learning load. However, there is a big emphasis on self-learning at Level 6, though full personal tutor support will always be available where required.

Assessment methods:

Assessment is by assignment or project work only. (There are no examinations.)
